Why it Works!

Teeth Tomorrow's Referral Model is a Game Changer!

Potential referring Doctors are hesitant to recommend patients to “competitors” that provide similar/additional products and services because they risk losing their patient.

Teeth Tomorrow's referring Doctors can now offer a proven solution to their patient's major dental problems. They will oversee the case, and will be remunerated for their time spent and participation in the restorative process. The Doctors will continue to have a relationship with their patient by providing on-going care.

There are Two Options for Referral Doctor Participation

Referral Doctor's Responsibilities

- Initial discussion with patient regarding Teeth Tomorrow[®] as per training. (Are you a candidate?)
- Set up an appointment with the franchisee and put together informational packet about their patient
- Take impressions for the franchisee to use before their appointment
- During the case, they will follow up with their patient in regards to progress
- After placement of final prosthesis, schedule their patient to remove temporary access hole fillings and place permanent fillings, check the bite, establish hygiene protocols, etc.
- Referral Doctors earn around \$2,000 for their time and work performed on the case paid directly by their patient

Advanced Training Option

- When the referral affiliate Doctors become comfortable with the referral model, they can expand their participation in the restorative process.
- Teeth Tomorrow[®] will offer a training program to teach them the entire restorative process post immediate load.
- Once trained, the affiliates will become Teeth Tomorrow[®] Certified Restorative Doctors
- Referral Doctors can then earn an additional \$7,000+ for each full-arch case
